PROFESSIONAL SUMMARY

Full Stack Developer fresher with hands-on experience building responsive web applications using React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, and CSS. Developed and deployed MERN-based e-commerce applications with REST APIs, JWT authentication, CRUD operations, API integration, and responsive UI, along with multiple frontend projects.

TECHNICAL SKILLS

Frontend
HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Responsive Web Design

Backend
Node.js, Express.js, REST APIs, Authentication, JWT, Resend, Nodemailer

Database
MongoDB, Mongoose, NoSQL, SQL, Cloud

Tools
Git, GitHub, VS Code, ChatGPT, AI-assisted Coding

Problem Solving
Data Structures & Algorithms (DSA), Logical Thinking, Analytical Skills

Soft Skills
Communication, Teamwork, Quick Learning

Deployment & Hosting
Vercel, Render, Build Process, Database

Domain
Software Engineer, Full Stack Web Development, MERN stack Developer

EXPERIENCE

Role: Full Stack Developer | Personal Project
Developed an e-commerce web application using MongoDB, Express.js, React.js, and Node.js.

- Built responsive user interfaces using React.js, HTML, CSS, and JavaScript.
- Implemented REST APIs for handling application data and backend operations.
- Integrated MongoDB for database management and data storage.
- Used Git and GitHub for version control and project management.
- Worked on application deployment and production configuration.

Technologies: React.js, Node.js, Express.js, MongoDB, JavaScript, Git, GitHub

PROJECTS

Personal Portfolio Website , *https://shivampdf.vercel.app*

- Developed a responsive personal portfolio website to showcase projects, technical skills, resume, and contact information.
- Implemented responsive layouts, animations, hover effects, and smooth scrolling for desktop and mobile devices.
- Deployed and maintained the website using Vercel and GitHub Pages with Git/GitHub version control.

Shivcart , *https://shivcart.vercel.app*

- Developed a full-stack MERN e-commerce application with JWT-based user authentication and REST APIs.
- Implemented CRUD operations for products, users, and orders, including cart management, quantity updates, order placement, and order history.
- Built an admin panel for managing products, users, and orders and deployed the application using Vercel.

Snacker , *https://shivamsde75-web.github.io/snacker/*

- Developed a responsive food discovery application with food/recipe API integration and dynamic content rendering.
- Implemented food search functionality to fetch and display relevant food and recipe information.
- Designed a mobile-responsive interface for desktop and mobile devices.

E-Commerce Website , *https://shivamsde75-web.github.io/e-commerce/*

- Built a responsive e-commerce website with product browsing, cart functionality, and client-side data persistence using LocalStorage.
- Implemented interactive UI components and JavaScript-based shopping cart functionality.

EDUCATION

Bachelor of Computer Applications (BCA), *Chhatrapati Shahu Ji Maharaj University* 2027
